

MY ULTIMATE SCIENTIST LOG

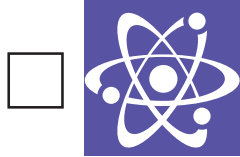

Check off each Science Center you visit, then bring your completed log to a WSF Visitor Center to receive your *Ultimate Scientist* certificate and get your picture taken.

DISCOVERY LANE

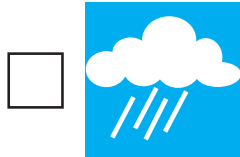

Bring your curiosity to **Discovery Lane**. Explore the magic of chemistry, physics and more through hands-on activities.

SCIENCE CENTRAL

Challenge your mind at **Science Central**. Learn how staying active and eating healthy will help keep your brain fit. Create energy by kicking a soccer ball around and test your mind's mad skills with a series of experiments.

CLIMATE CORNER

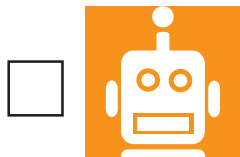

Become a meteorologist in the **Climate Corner**. Learn how climate change affects people, drinking water, and even polar bears through fun hands-on activities.

BIOLOGY BLOCK

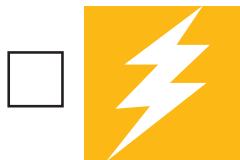

Magnify your way around the **Biology Block**. Examine animal specimens and skulls, go on a plant scavenger hunt, and analyze evidence as an on-site CSI detective.

INNOVATION ALLEY

Innovation Alley will keep you asking, "How did they do that?" Learn how to code games and see robots come to life.

ENERGY AVENUE

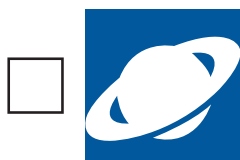

Get moving on **Energy Avenue**! Hop into the driver's seat of a race car, see energy in action at our interactive Lab, and see the latest in energy efficiency.

SCIENCE SQUARE

Scents and mathematics make "sense" at **Science Square**. Design your own fragrance at the Smell Lab and watch math come to life in an exciting way at the Math Midway!

SPACE PLACE

You're in another world at **Space Place**. Look through the lens of solar telescopes and see the surface of the sun!
